# **Stroke Foundation Hamilton Covid-19 Vaccination Policy**

Like many organisations, Stroke Foundation Hamilton has been considering how to operate under the new [COVID-19 Protection Framework](#). The wellbeing of our people, clients, volunteers and visitors is important to us and we want to do all we can to keep each other safe and to stop COVID-19 from spreading.

To help us minimise the risk of the virus being transmitted at Stroke Foundation Hamilton activities and events, we are introducing a Vaccination Policy in line with other organisations in our not-for-profit sector. This will require everyone attending any event we may host at any site to be fully vaccinated against COVID-19.

If you're visiting or attending any event we're hosting at any site, you will be asked to scan/present your My Vaccine Pass.

This is a very unusual and difficult time for everyone, and we thank you for your support and understanding as we implement this Policy, which we will continue to review to ensure it stays relevant as New Zealand's COVID situation evolves.

**This Policy will come into effect on Saturday the 1<sup>st</sup> of January 2022.**

**SERVING THE STROKE COMMUNITY AND CAREGIVERS**
